533mm x 305mm x 244mm  
(184mm with lid collapsed)

Introducing the patented SilKEN® Grill, a flameless and smokeless electric grill that incorporates a patent pending high temperature silicone lid. Ideal for all grill applications, the lid can collapse accordion-style to a height of two inches making it easier to tuck away in any convenient location. The lid has two handles, one on top and one on the front edge, and vents on three sides.

Choose between 2 different touch controls:

### New - IntelliKEN Touch™ Control

IntelliKEN is a waterproof touch control system that integrates the latest swipe technology with user-friendly features such as Precision Control (PC) and Direct Temperature Feedback (DTF). Precision Control allows you to select the power setting (1 – 16) best suited for the food being cooked or the temperature you desire (150°F – 550°F). Direct Temperature Feedback (DTF) is our patent pending system giving you the ability to cook by temperature and time. Simply adjust the control to the desired temperature setting, set the timer and your dish is cooked to the correct temperature and time.

### Lite-Touch™ Control

Lite-Touch™ is our traditional control. Simply touch the On/Off circle and then raise or lower the heat setting by pressing the (+) or (-) graphic on the sealed moisture proof ceramic glass panel and you are instantly cooking!

The Kenyon SilKEN® All Seasons™ Grill is constructed of the highest quality, marine-grade stainless steel. And as all Kenyon products, backed by uncompromising quality, exclusive 3-year product replacement warranty, and the best customer service in the industry.

# SilKEN® Remote Control Grill

## SPECIFICATIONS

<b>Part Number:</b>	B70370, B70371, B7037UK, B7037US, B70371SHUKO
<b>Cooking Area :</b>	155 square inches
<b>Burners:</b>	1
<b>Voltage:</b>	120V, 240V
<b>Amps:</b>	11amp
<b>Wattage:</b>	1300W
<b>Control Type:</b>	Remote Touch
<b>Dimensions:</b>	18" x 12" x 4" (7 1/2" with lid collapsed)
<b>Cutout Dimensions:</b>	11.5" x 17"
<b>Actual Weight:</b>	19lbs

The SilKEN® Grill Remote Control incorporates a patent pending high temperature silicone lid. This is a two-piece design that allows the grill and ceramic touch remote to be separated making it perfect for tight quarters where counter space is limited. Mount the remote control into any suitable space as the grill comes equipped with a 6 foot harness.

## FEATURES

- Select between 8 different heat settings for the perfect temperature every time
- Disposable drip tray is located below the element to trap drippings
- Waterproof digital touch control remote is perfect for tight quarters
- The remote control reduces the cutout size by 3"
- Place the remote control up to 6 feet away in an easy to access location
- Automatic shut-off at 60 or 90 minutes
- Preheats in less than 7 minutes
- Powerful performance - cooking temperatures exceed 500F for perfect searing
- Patented concealed electric element eliminates flare-ups
- No hot or cold zones due to direct contact between element and cooking grate
- Non-stick grate imparts characteristic barbecue grill marks and is dishwasher safe

## ACCESSORIES

Kenyon backs every grill with a 3-year product replacement warranty

Stainless steel is backed by a lifetime rust-free guarantee

Certified to UL-1026

### GRIDDLE-B96000

A direct replacement for the cooking grate. Use the smooth griddle for eggs and pancakes.

### GRILL UTENSIL KIT -A70011

Bring home our finest collection of four grilling utensils in a classy canvas carrying case.

## SILKEN® Grill Lid

### Model B96019 - Hinged Lid

*Fits all Frontier, Floridian, Rio, Revolution and City Grills.*

### Model B96018 - Lift-Off Lid

*Fits all No Lid Grills.*

Overall Dimensions: 16.05" x 12.17" x 4.43" (2" with lid collapsed)  
407.7mm x 309.1mm x 112.5mm (50.8mm with lid)

## Transform the way you cook!

Grilling with a lid is a necessity but onboard space can be limited. There's no need to compromise quality of grilled food due to tight quarters with the patent pending collapsible SilKEN® Grill Lid.

Through the use of silicone, the lid can collapse to a height of two inches and removes for storage. The insulation quality of high temperature silicone allows for very fast and even heat. Cleaning is easy with a wet paper towel.

Ideal for all grill applications, the lid has two handles, one on top and one on the front edge, and vents through three sides. Use the front handle when the lid is hinged or the top handle when lid is placed over the grate.

The Kenyon SilKEN® Grill Lid is specifically designed for Kenyon electric grills. And as all Kenyon products, backed by uncompromising quality and the best customer service in the industry.

## SilKEN® Grill Lid

### Model B96018 - Lift-Off Lid

### Model B96019 - Hinged Lid

Enhance your grilling experience with the **NEW** SilKEN® collapsible lid. Through the use of high temperature silicone, the lid can collapse to a height of two inches and remove for storage.

## Frontier Lid with Top Handle

### Model B96003

Perfect for any of Kenyon's lidless grills. Ideal for tight areas. Constructed of marine-grade 304 stainless steel.

The No Lid Grill has all of the cooking power of the rest of Kenyon's Electric Grills except it is missing one key feature, the lid. This allows users with limited height clearance an easy solution as a flat top surface. Featuring a simple, elegant design, the No Lid Grill will add class to any kitchen or galley.

Choose between 2 different touch controls:

### New - IntelliKEN Touch™ Control

IntelliKEN is a waterproof touch control system that integrates the latest swipe technology with user-friendly features such as Precision Control (PC) and Direct Temperature Feedback (DTF). Precision Control allows you to select the power setting (1 - 16) best suited for the food being cooked or the temperature you desire (150°F - 550°F). Direct Temperature Feedback (DTF) is our patent pending system giving you the ability to cook by temperature and time. Simply adjust the control to the desired temperature setting, set the timer and your dish is cooked to the correct temperature and time.

### Lite-Touch™ Control

Lite-Touch™ is our traditional control. Simply touch the On/Off circle and then raise or lower the heat setting by pressing the (+) or (-) graphic on the sealed moisture proof ceramic glass panel and you are instantly cooking!

The Kenyon No Lid All Seasons™ Built-In Grill is constructed of the highest quality, marine-grade stainless steel. And as all Kenyon products, backed by uncompromising quality, exclusive 3-year product replacement warranty, and the best customer service in the industry.

<b>Construction:</b>	Marine-Grade 304 Stainless Steel

Whether you're headed out on a camping excursion or braving the high seas, the Frontier Electric Grill is ready for any adventure. The Frontier is safe, easy to use and like all Kenyon Grills, flare-up and smoke free. The grate is coated in the longest lasting medical grade non-stick coating available and is PFOA free. The lid, grate and drip tray can all be cleaned easily by placing in the dishwasher to keep your grill looking like new for years to come. Most grills have hot and cold zones that do not allow use of the entire grilling surface, but with the Frontier's 1300-Watt element you have completely even heat across all 155 square inches at temperatures in excess of 5500F. Explore your options by adding a variety of liquids such as apple juice, wine or even Coca-Cola to add flavor to

## FEATURES

Protect our Built-In Grill from all types of weather conditions with this custom fitted cover.

#### WARMING RACK - A70083

Maximize your grilling experience by adding a warming rack to your grill. Keep your entire meal at the perfect serving temperature for when everyone is ready to eat.

## Distinctive eye-catching design

The Kenyon Signature Grill is an entirely new grilling experience that seamlessly blends superior features and finishes to suit every design style. Create the perfect look from color, pattern, or simulated finish. The bold exterior styling will make a statement even before you grill.

The ideal balance of sophistication and safety. Patented Safe To Touch (STT) technology, ensures that the grill lid remains safe regardless of cooking temperatures. Never worry again about anyone getting injured when accidentally touching the lid.

The patented rotating handle is multi-functional and has a built-in high intensity LED light. This light illuminates the entire grilling surface, touch control panel and surrounding area. The light has two levels of intensity allowing just the right amount of light. The handle easily rotates to direct light exactly where you need it leaving your hands free for flipping burgers or checking on a roast's temperature. The ergonomic handle is crafted from stainless steel and hydro dipped with a carbon fiber design. The handle can be custom finished to enhance the look of the grill lid.

The Kenyon Signature Grill uses the patented IntelliKEN™ Touch Control system to provide smart grilling results. Precision control lets you select the desired power setting (1-16) or the exact temperature in either Fahrenheit or Celsius. Dual temperature control allows you to dial in to different temperature settings for each grilling zone, providing even heat throughout the entire grate surface. A built-in timer signals cooking completion with an automatic shut-off feature. Experience superior grilling performance and impeccable style with the Kenyon Signature grill.

The Kenyon Signature Grill is constructed of the highest quality, marine-grade stainless steel. And as all Kenyon products, backed by uncompromising quality and the best

# Texan Electric Grill IntelliKEN Touch™

## SPECIFICATIONS

<b>Part Number:</b>	B70425, B70425NH, B70426, B70426NH
<b>Cooking Area :</b>	310square inches (Two 14.75"x10.625"grates)
<b>Burners:</b>	2
<b>Voltage:</b>	240V Only
<b>Amps:</b>	12.5
<b>Wattage:</b>	3000
<b>Control Type:</b>	IntelliKEN Touch™
<b>Dimensions:</b>	29.5"W x 21"D
<b>Cutout Dimensions:</b>	28" W x 18.5"D
<b>Actual Weight:</b>	42LBS

The Texan Electric Grill with IntelliKEN Touch Control is a double burner, built-in grill. With two 1500W elements and max output of 3000W, this powerful electric grill presents opportunities for safe grilling while still experiencing authentic grilled food. These grills meet NFPA fire code regulations and are UL approved for indoor and outdoor applications. Available as a single lid option, or split lid, and flanges designed for stone (no holes for mounting- indicated as NH models) or other counter surfaces (these models include screws and screw holes for affixing to counters)

## FEATURES

- Patented concealed electric elements eliminate flare-ups
- No hot or cold zones due to direct contact between element and cooking grate
- Independent waterproof digital touch control panel
- Non-stick grates imparts characteristic barbecue grill marks and is dishwasher safe
- Automatic shut-off at 60 or 90 minutes depending on heat setting
- Select between 16 different heat settings for the perfect temperature every time
- Precision Control allows the user to select the power setting (1-16) or temperature (150°F - 550°F)
- Switch from Fahrenheit to Celsius with a simple push of a button
- Keep track of kitchen tasks that are independent of cooking activity on the grill with the kitchen time

## Lite Touch™ Control

### SPECIFICATIONS

<b>Part Number:</b>	B70400WH, B70405WH, B70420WH, B70421WH
<b>Cooking Area :</b>	310 square inches (Two 14.75" x 10.625" grates)
<b>Burners:</b>	2
<b>Voltage:</b>	240V
<b>Amps:</b>	12.5
<b>Wattage:</b>	3000
<b>Control Type:</b>	Lite Touch Control
<b>Overall Dimensions:</b>	29.5" W x 21" D
<b>Cutout Dimensions:</b>	28" W x 18.5"D
<b>Actual Weight:</b>	42LBS

The Texan Electric Grill is a double burner, built-in grill. With two 1500 watt elements, this powerful electric grill presents opportunities for safe alternatives where gas and charcoal grills can no longer be used in apartments, backyards and various other applications. The Texan will exceed temperatures of 550°F and is virtually smokeless without any chance of flare-ups. Marine grade stainless steel makes this grill the perfect option to be used on balconies and rooftops across the country.

### FEATURES

- Preheats in 7 minutes
- UL approved for indoor and outdoor use.
- Marine grade 304 stainless steel is guaranteed to never rust, in any environment
- Patented concealed electric elements eliminate the chance of flare-ups.
- Disposable drip trays are located below the element to trap drippings
- Independent waterproof (IPX4) digital touch control panel
- Select between 8 heat settings for the perfect temperature every time
- Nonstick grates imparts characteristic barbecue grill marks and is dishwasher safe
- No hot or cold zones due to the placement of heating element and grate

# Big American Electric Grill

## SPECIFICATIONS

<b>Part Number:</b>	B70430, B70432
<b>Cooking Area :</b>	465 Square Inches (155 each burner)
<b>Burners:</b>	3 Burners
<b>Voltage:</b>	240V
<b>Amps:</b>	20 Amp
<b>Output:</b>	4500W Max Load (1500W each burner)
<b>Control Type:</b>	IntelliKEN Touch™ Control
<b>Overall Dimensions:</b>	40.91" x 21" x 5.5" (beneath counter) Lid Height 7.25"
<b>Cutout Dimensions:</b>	38.89" x 18.5"

**Actual Weight:** 65lbs

The Big American Grill features three independently controlled burners, Kenyon's largest grill. Enjoy sizzling seared steaks to low and slow barbecue at the same time. The concealed electric elements redirect grease and juices into the drip trays to prevent smoke and flare-ups. IntelliKEN Touch Control integrates intuitive swipe technology and user friendly features to provide the most advanced grilling experience of any grill available. Installation in soft surface (starboard, wood) would opt for B70430 with holes in flange for mounting. Stone counter surfaces are ideal for B70432 without holes in the flange. Marine grade stainless construction makes this the perfect selection for rooftops, balconies and any other outdoor location without worrying about corrosion.

## FEATURES

- Upgraded coated drip tray under each burner to trap drippings and provide easy cleanup
- Powerful performance with temperatures exceeding 550°F or quickly switch to Celsius
- Precision Control allows heat settings from 1-16 or Temp mode ranging from 150°F - 550°F
- Automatic safety timer turns the grill off after 60 minutes of inactivity, perfect for multi-user settings
- Safety lock can be activated to prevent accidental changes during grilling or while the grill is not in use
- Removable lids are dishwasher safe along with grates and drip trays
- Waterproof touch control panel

## ACCESSORIES

Kenyon backs every grill with a 3-year product replacement warranty

Stainless steel is backed by a lifetime rust-free guarantee

Tested to UL-1026

### Grill Cover-A70073

Custom fitted grill cover with clasps to provide secure fit. Sunbrella fabric ensures protection

### Warming Rack -A70083

Maximize grilling experience by adding the warming rack.
