502mm x 295mm with 6mm radius

Introducing the patented SilKEN® Grill, a flameless and smokeless electric grill that incorporates a patent pending high temperature silicone lid. Ideal for all grill applications, the lid can collapse accordion-style to a height of two inches making it easier to tuck away in any convenient location. The lid has two handles, one on top and one on the front edge, and vents on three sides.

Choose between 2 different touch controls:

New - IntelliKEN Touch™ Control

IntelliKEN is a waterproof touch control system that integrates the latest swipe technology with user-friendly features such as Precision Control (PC) and Direct Temperature Feedback (DTF). Precision Control allows you to select the power setting (1 – 16) best suited for the food being cooked or the temperature you desire (150°F – 550°F). Direct Temperature Feedback (DTF) is our patent pending system giving you the ability to cook by temperature and time. Simply adjust the control to the desired temperature setting, set the timer and your dish is cooked to the correct temperature and time.

Lite-Touch™ Control

Lite-Touch™ is our traditional control. Simply touch the On/Off circle and then raise or lower the heat setting by pressing the (+) or (-) graphic on the sealed moisture proof ceramic glass panel and you are instantly cooking!

The Kenyon SilKEN® All Seasons™ Grill is constructed of the highest quality, marine-grade stainless steel. And as all Kenyon products, backed by uncompromising quality, exclusive 3-year product replacement warranty, and the best customer service in the industry.

501.6mm x 295.2mm with 6.4mm radius

Kenyon is changing the way people think about cooking with a line of electric grills that has transformed traditional grilling.

Introducing the patented SilKEN® Grill, a flameless and smokeless electric grill that incorporates a high temperature silicone lid. Perfectly sized for family grilling with powerful performance as cooking temperatures that exceed 500°F. The portable design, convenient carrying handles and ample cooking space makes it easy to cook a delicious meal from the comfort of your kitchen or while relaxing outside.

Grilling up your favorite food has never been easier and safer as the silicone lid stays cool to the touch and prevents accidental burns. The insulation quality of the silicone allows for quick and even heat so that your food is ready when you are. Not enough room to store your grill? The lid can collapse to a height of two inches making it easier to tuck away in any convenient location.

The SilKEN® Grill is excellent for use on city balconies and patios where open flame grilling is not allowed. Simply plug it in to an electrical outlet and enjoy fresh grilled food anywhere.

And as all Kenyon products, backed by uncompromising quality, exclusive 3-year product replacement warranty, and the best customer service in the industry.

Frontier Portable Grill IntelliKEN Touch™

SPECIFICATIONS

Part Number:	B70590
Cooking Area :	155 Square Inches
Burners:	One burner
Voltage:	120V
Amps:	11 amp.
Output:	1300 Watt Element
Control Type:	IntelliKEN Touch™
Overall Dimensions:	21" x 12" x 8 9/16"
Actual Weight:	27 lbs

The perfect fit for indoors in your kitchen or outdoors on your balcony. Simply plug it in and use the IntelliKEN Touch™ control system to turn it on. Choose between power mode (16 settings) or set specific temperature in either °F or °C for complete and precise temperature control. Use the built-in timer to be alerted when it's time to flip, and the lock feature to prevent accidental changes. It comes with a 6' 120V GFCI protected standard US plug. Automatic shut-off at 60 or 90 minutes depending on the heat setting.

FEATURES

- Preheats in 7 minutes
- Powerful performance - cooking temperatures exceed 500F for perfect searing
- Patented concealed electric element eliminates flare-ups
- Keep track of kitchen tasks that are independent of cooking activity on the grill with the kitchen timer
- Direct Temperature Feedback (DTF) gives the user ability to cook by temperature and time
- Select between 8 different heat settings for the perfect temperature every time
- Disposable drip tray is located below the element to trap drippings
- Waterproof digital touch control panel
- Automatic shut-off at 60 or 90 minutes depending on heat setting
- Precision Control allows the user to select the power setting (1-16) or temperature (150°F - 550°F)

ACCESSORIES

G2 GRILL

SPECIFICATIONS

Part Number:	B70601
Cooking Area :	213 Square Inches
Burners:	One burner
Voltage:	120V
Amps:	1800W
Output:	1300 Watt Element
Control Type:	Knob
Overall Dimensions:	20 5/16" x 16 5/8" x 9 3/8"
Actual Weight:	37 LBS

Kenyon's popular electric grills have expanded to include the G2 Grill which brings a bold new look and size to the product line. The G2 Grill features a powerful 1550-watt heating element which heats up the grill grate rapidly and consistently to cook the thickest steaks evenly without hot spots. The non-stick grate removes the need for added oil for healthier, easy-to-clean meals. Food releases effortlessly without sticking while imparting characteristic barbecue grill marks.

FEATURES

- Powerful performance - cooking temperatures exceed 550°F in 5 minutes, 600°F in less than 10 minutes for perfect searing
- Patented concealed electric element eliminates flare-ups
- No hot or cold zones due to direct contact between element and cooking grate
- Non-stick grate imparts characteristic barbecue grill marks and is dishwasher safe
- Beveled drip tray is located below the element to trap drippings
- Removable lid is dishwasher safe
- Grill from any location as the zero clearance lid allows you to place your grill on any standard depth counter or table top
- Convenient carrying handles for easy transport
- Push-to-turn knob for precise control

Kenyon backs every grill with a 3-year product replacement warranty

Stainless steel is backed by a lifetime rust-free guarantee

Tested to UL-1026
